

NORTHERN TIER CAREER CENTER

SECTION: PROGRAMS

TITLE: PROJECT AND SERVICE

ADOPTED: June 28, 2012

REVISED:

| 135. PROJECT AND SERVICE | |
|---------------------------------|--|
| 1. Purpose | All materials and equipment purchased by the Northern Tier Career Center were purchased with public funds. Therefore, the center is accountable for their use and distribution throughout the center. |
| 2. Guidelines | It is expected that some materials will be consumed in the instruction process, where some materials may end up in an instructional project of some kind. It is important that any project which is to be removed from the school by anyone, regardless of the value, be paid for on a cost recovery basis if it is built or contains materials purchased with public funds. |
| 3. Delegation of Responsibility | The Administrative Director shall develop administrative regulations for the recovery of costs associated with services or projects completed using center materials. |
